● About Us

KGS Group India

KGS Group Engineering and Polymers, established in 2017, is a trusted manufacturer of high performance industrial rubber components. We specialize in delivering precision engineered rubber products tailored to meet diverse industrial requirements. Our commitment to quality, reliability, and innovation has helped us build strong relationships across industries.

Our Vision

To build a future-ready organization driven by innovation, efficiency, and excellence empowering growth for our customers and team.

Our Mission

- ✓ Deliver high quality, reliable products
- ✓ Exceed customer expectations
- ✓ Continuously improve processes and performance
- ✓ Maintain strong quality standards

Core Values

QUALITY

INTEGRITY

INNOVATION

COMMITMENT

What we do

REPLACABLE SEALS

BFV BONDED SEAL

RUBBER-TO-METAL BONDED PRODUCTS

AUTOMOTIVE & ENGINEERING APPLICATIONS

IMPACT ROLLER

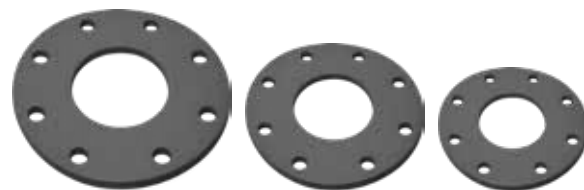

WEDGE ENCAPTUATION

BFV BONDED SEALS

ROUND GASKET

Our Product Range

High quality rubber components engineered for performance, durability and industrial excellence.

Custom Molded Rubber Components

O-Rings & Sealing Solutions

Rubber Seals & Sleeves

Rubber Bellows & Washers

Rubber-to-Metal Bonded Parts

Rubber Profiles & Hoses

Molded Diaphragms

Materials We Work With

VITON

SILICONE

EPDM

SBR

NITRILE

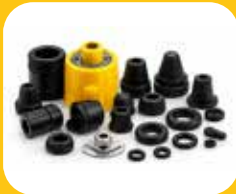

NEOPRENE

NATURAL RUBBER

POLYACRYLATE

Key Products

Engineered rubber solutions built to meet the demands of modern industries.

Custom Molded

Precision molded components with high durability and accuracy.

O-Rings

Standard and custom sealing solutions for industrial and automotive use.

Rubber Seals

Designed for pressure, temperature, and chemical resistance.

Pneumatic Piston Spools

Poppet and piston spool valves commonly control compressed air in pneumatic systems.

Rubber Sleeves

High-performance components for automotive applications.

● Applications & Industries

Industries We Serve

We provide customized solutions across a range of industries to help you grow, work smarter, and innovate with ease—delivering tailored strategies and reliable support that drive efficiency, productivity, and long-term success.

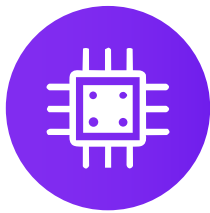

Industries

● Quality & Infrastructure

Quality Assurance

We follow strict quality standards aligned with ISO 9001:2015.

Each product is tested for

**Durable
& Tough**

**Temperature
Resistance**

**Strength
& Flexibility**

**Performance
& Reliability**

Infrastructure

Advanced Manufacturing Unit

Modern Machinery & Equipment

Complete In-house Production

Skilled Workforce

✓ **Built on Quality. Driven by Precision.**

Our infrastructure and processes ensure consistent quality, on-time delivery, and long-term customer satisfaction.
